

EVENING SEMINAR

As Institute Interest Seminar Series

February 16th Speakers:

| Schedule | Presenter (Division) | Title |
|---------------|---|--|
| 15:00 Starts! | Ms. Ting Chen Ph.D. Student, Super Research Assistant (Department of Hydrogen Energy Systems) | Understanding Oxygen Surface Exchange Kinetics in Solid Oxide Cell Electrodes via <i>In Situ</i> Optical Transmission Relaxation: Sr(Ti,Fe)O ₃ Case Study → (Abstract) |
| | Dr. Thomas Bayer Post-doctoral Research Associate (Electrochemical Energy Conversion) | Low Dimensional Ion-Conducting Nanomaterials for Fuel Cell Membrane Applications → (Abstract) |

Date & Time: Thursday, February 16th, 2017, 15:00 starts

Venue: **Conference Room, 2F of the I²CNER Building, Ito campus**

Chair: Dr. Nicola Perry, Assistant Professor
(Electrochemical Energy Conversion)
