

116th Institute Interest Seminar Series

Thursday, December 7, 2017

Time	Presenter	Title
10:00 - 10:30	Dr. Yukina Takahashi Associate Professor (Catalytic Materials Transformations)	Site-selective Nanoscale- photopolymerization via Plasmon Induced Charge Separation → (Abstract)
10:30 - 11:00	Dr. Toshinori Matsushima Associate Professor (Molecular Photoconversion Devices)	Toward Continuous-Wave Lasing from Organic Thin Films → (Abstract)
11:00 - 11:30	Free discussion over light snacks and drinks	

Date & Time: Thursday, December 7th, 2017, 10:00 - 11:30 a.m.

Venue: **2nd Floor Conference Room, I²CNER Building 1,
Ito campus**

Chair: Dr. Motonori Watanabe, Associate Professor
(Molecular Photoconversion Devices)
