

EVENING SEMINAR

As Institute Interest Seminar Series

October 13 Speakers:

Schedule	Presenter (Division)	Title
15:00 Starts!	Dr. James J. Cannon Associate Professor (Faculty of Engineering, Kyushu University)	Decoupling of liquid thermo-physical properties using a nano-scale approach → (Abstract)
	Dr. Henning Schraknepper Post-doctoral Research Associate (Molecular Photoconversion Devices)	Surface segregation in the electrolyte material $\text{La}_{0.9}\text{Sr}_{0.1}\text{Ga}_{1-x}\text{Mg}_x\text{O}_{3-\delta}$ investigated by means of low energy ion scattering → (Abstract)

Date & Time: Thursday, October 13, 2016, 15:00 starts

Venue: **Lobby, 1F of the I²CNER Building, Ito campus**

Chair: Dr. Stephen Lyth, Associate Professor (Electrochemical Energy Conversion)
